THE DUX 8888

THE ULTIMATE IN LUXURY AND COMFORT

The DUX 8888 provides you with the ultimate sleep experience as it represents the culmination of over 80 years of research and development in the bed making craft. Not only have we crafted it out of the finest materials, but also we added revolutionary features — from our dynamically interlocking springs forged from Swedish steel to our Pascal Personal Comfort Zones system to our exclusive independently Adjustable Lumbar Support.

EXPERIENCE THE DUX DIFFERENCE

>> Swedish Steel Springs

At the heart of the DUX 8888 are Swedish steel springs—nearly 4 times as many as an ordinary bed. More springs provide better contouring for your body, reducing pressure points which can help improve circulation.

>> Pascal Personal Comfort Zones

Everyone's body is unique. That's why the DUX 8888 features the Pascal Personal Comfort Zones, enabling each person to select the perfect setting for their shoulders, lower back and legs.

>> Adjustable Lumbar Support

To crank it up a notch, the DUX 8888 offers independent Adjustable Lumbar Support for each side of the bed.

>> Extra Support

At DUX we offer you three top pads to choose from as an integral part of your DUX 8888. These include the deeply tufted Xstandard, Xsupport and Duxense top pads.

THE DUX Axion

COMFORT IN ACTION

The DUX Axion combines the benefits of the DUX sleep system with the elevation capabilities of an adjustable bed. Its multi-layered Swedish steel springs offer the perfect combination of stability and support, while its dynamic, silent motor helps you settle into just the right height and angle.

EXPERIENCE THE DUX DIFFERENCE

>> Swedish Steel Springs

At the heart of the DUX Axion are Swedish steel springs. More springs provide better contouring for your body, reducing pressure points which can help improve circulation.

>> Power To Spare

A special built in power reserve enables you to return the bed to its original flat position in case of a power outage.

>> Fingertip Control

The DUX Axion's elevation can be easily adjusted with an ergonomic and user friendly handheld remote control that features soft-touch night glow buttons.

>> Extra Support

At DUX we offer you four top pads to choose from as an integral part of your DUX Axion. These include the deeply tufted Xstandard, Xupport and Duxense top pads, as well as the revolutionary Pascal de Luxe top pad.

THE DUX Top Pads

FOR EXTRA SUPPORT AND COMFORT

At DUX we offer you four top pads to choose from as an integral part of your DUX bed. These include the deeply tufted Xstandard, Xsupport and Duxense top pads, as well as the revolutionary Pascal de Luxe top pad.

EXPERIENCE THE DUX DIFFERENCE

>> Xstandard Top Pad

Deeply tufted throughout, this top pad offers two layers of thick cotton wadding and is stabilized in the center to retain its shape.

>> Xsupport Top Pad

Deeply tufted with a core of natural latex which has an outer layer of cotton wadding for extra ventilation and softness.

>> Duxense Top Pad

Deeply tufted with a core of natural latex, this top-pad is reversible with a thin layer of cotton wadding on one side and a thicker layer on the other side—giving a softer feel on one side and a slightly firmer feel on the other side.

>> Pascal de Luxe Top Pad

The revolutionary Pascal System offers what no other bed can. Up to two sets of three spring modules with different DUX densities; soft, medium, and firm, create three separate support zones for your hips, shoulders and legs. With Pascal, for the first time ever, two people sharing the same bed can customize their own side. The Pascal System is available for all models whether integrated into the bed or as a separate top pad.

DIMENSIONS AND SPECIFICATIONS

Top Pad Sizes:

90 x 200 / 210 cm
105 x 200 / 210 cm

Down Duvets & Pillows

Opulent Down Enhances The Sensation

Down is a natural product with an exceptional ability to insulate. Our down products are produced by Nordicform, exclusively for DUXIANA. To enhance the sensation of an extraordinary duvet, we have elevated the collection by advancing the quality of our products and presenting new names and packaging.

EXCELLENT AND SUPERIOR

A myriad of factors contribute to the quality of a down product. High-quality down products generally contain more down than feathers, which makes them fluffier, lighter and warmer.

DUXIANA has two duvet and pillow collections: Excellent and Superior. Each collection offers a choice between thinner/lighter and thicker/warmer duvets and pillows.

Your choice of pillow is paramount in providing comfort and the ability to relax in bed. Proper neck support is essential to providing the spine with the right elongation.

>> DUXIANA Excellent – a high level of quality in a meticulously selected collection

Duvets: Choose between medium/light or warm duvets. Both Excellent medium/light and Excellent warm are filled with 90% white, European goose down and 10% small feathers. Excellent warm provides greater warmth since it has more filling than medium/light. The duvet covers are tailored in thin 100% cotton cambric.

Pillows: Choose between firm or soft pillows. Both Excellent firm and Excellent soft are filled with 70% white, Pyrenees duck down and 30% small feathers. The pillow covers are tailored in supple 100% cotton twill.

>> DUXIANA Superior – for connoisseurs and those who demand the finest quality

Duvets: Choose between medium/light or warm duvets. Both Superior medium/light and Superior warm are filled with 100% white, European goose down.

The Superior collection contains an even lighter filling than Excellent, which endows the collection with an exceptional ability to retain warmth. The duvet covers are tailored in 100% Egyptian mako cotton.

Pillows: Choose between firm or soft pillows. Both Superior firm and Superior soft are filled with 90% white, European goose down and 10% small feathers. The pillow covers are tailored in thin 100% cotton cambric.

The DUX Xleep Pillow

WHAT SWEET DREAMS ARE MADE OF

The DUX Xleep pillow incorporates a revolutionary supple inner spring system. It is encased in a down filled removable cover.

EXPERIENCE THE DUX DIFFERENCE

>> DUX Xleep pillow support

In the DUX Xleep Pillow, the spring core allows your head to sink in just enough so that it remains level with the spine.

>> Regular pillow support

With a regular pillow, your head isn't well supported, and sinks too deeply.

>> DUX Xleep pillow shape

The active spring support of the DUX Sleep Pillow keeps it firm over time, allowing it to retain its supportive, yet stable shape.

>> Regular Pillow shape

Regular pillows, on the other hand, form indentations and pockets, and flatten over time.
